| FUEL TANK CAPACITY | 245 Litres |
| FUEL TYPE | Diesel |
| DISPLACEMENT | 6870cc |

FEATURES

- Digital Display

• The DHY110KSE is a three phase 1500rpm diesel generator from Hyundai which is designed to provide affordable and reliable standby power to your premises.

• Powered by a Hyundai HY6B135Z-D20 diesel engine, the DHY110KSE produces a maximum output of 110kVA. This is more than enough output to power your family home or keep your business operating during a power cut. This generator is equipped with an AVR alternator which produces a clean and stable power supply, making it perfectly safe to use with sensitive electronic appliances. Any TVs, PCs, laptops, chargers and more in your home or office will not be damaged by this generator.
